## **Tackle Overlooked Oven Vent Hoods for a Quick Kitchen Update**

*Oven vent hoods are reinvented with Weathered Stone™.*

Fairhope, AL--April 12, 2007—Oven Vent Hoods don't have to fade into the back ground any longer. Weathered Stone™ will make them pop and take center stage in the kitchen. Forget about ripping out the existing oven vent hood, keep the one you have, and recover it with Weathered Stone. Weathered Stone™ is a stone and leather replica covering that will cover an existing solid interior surfaces.

There is not another product on the market that will cover an existing oven vent hood. A quick kitchen makeover is not out of your reach. Just a simple update with Weathered Stone™ on your oven vent hood will make a difference in the look of a kitchen. Remodeling projects with Weathered Stone have an added bonus: keep the existing solid surfaces and recover them with Weathered Stone. Save money and help the environment.

“Remodeling a kitchen is a huge undertaking, but a simple and quick oven vent hood over haul is a quick fix that will make a difference in the space”, said Sean Howard, President and Inventor of Weathered Stone™.

Weathered Stone™ is produced on a canvas backing; the texture is primarily plaster, and has 15% additives for strength and durability. The product is then cut, cracked, and colored by hand. Weathered Stone™ has 22 standard colors, and custom colors are available. The product is manufactured in pre-cut sizes, and can easily be cut down to any size or shape.
