Weathered Stone™: The Perfect Complement to a Man Space.

Weathered Stone™ will transform a ho-hum room into a haven of masculinity.

Fairhope, AL—April 9, 2007—Listen Up Men! Every man needs a space of their own. Complete the look with Weathered Stone™. Decorate once, and be done with it. The timeless design of Weathered Stone™ will be around for years to come. Stone never goes out of style.

Stone and leather are the ultimate complement to a man space. Masculinity abounds when the rich colors of Weathered Stone™ are used in a room. Don't just paint the walls; create a one of a kind masterpiece with Weathered Stone™.

Weathered Stone™ can be used from floor to ceiling. It even looks great on furniture. The unique ability of Weathered Stone™ to bend over and under allows it to be used almost anywhere there is a solid surface.

Weathered Stone™ has 22 standard colors, and custom colors are available. The opulent colors will look great in a man space. Just imagine: A Weathered Stone™ leather floor with Weathered Stone™ cashmere walls. Weathered Stone™ is the perfect mix of masculinity, beauty, and charm for the King of the castle.

Weathered Stone™ has a Class A Fire Rating, and is great for remodeling a fire place or covering a new one. A Class A Fire Rating is the best a product can receive.

Weathered Stone™ has a 10 year warranty on all horizontal surfaces like floors and countertops, and a 20 year warranty for all vertical surfaces like walls, columns, and crown moldings.
